#### E-911 Addressing System

Waseca County's 911 Rural addressing system is based on a grid with streets running North to South and avenues running East and West.

Street numbers increase from West to East and avenue numbers increase from South to North. The street and avenue numbers change by 10 for each mile traveled.

Individual addresses change by 1000 for each mile. Homes along the North and West sides of the roads have even numbers addresses. Homes along the South and East sides of the roads have odd-numbered addresses.
