

Our History

01

Sheriff Donald D. Eustice founded the Waseca County Sheriff Mounted Posse in 1969, by seeking anyone that was interested and had a horse.

02

The Mounted Posse was formed to assist the Sheriff's Office with finding lost people and helping patrol at the county fair.

03

Our Volunteers own their own horses and ATV's to use for Patrol.

Horses offer a significant height advantage, and move easily through thick pockets of people and terrain. As such, being on a horse affords more visibility and situational awareness to the officer riding it.
